

HTML SCHOOL PROJECT

JUDGING GUIDE

Theme: **CREATIVITY & IMAGINATION**

Name

School

**This guide is for evaluating HTML only student projects.
You don't need coding experience—focus on creativity, effort, and presentation.**

Creativity & Originality 30 Points

- Is the content arranged in a clean, easy-to-read layout?
- Did the student bring in a fresh idea or personal touch?
- Is the concept imaginative, fun, or emotionally engaging?

Score: _____

Purpose & Message Clarity 20 Points

- Is the message or idea behind the site clear?
- Can the judge quickly understand what the site is about?
- Is the information well-organized and meaningful?

Score: _____

Layout & Visual Flow 20 Points

- Is the content arranged in a clean, easy-to-read layout?
- Does the site guide your eyes naturally from top to bottom?
- Does the site have pages? If yes, are pages not cluttered or confusing?

Score: _____

Visual Effort & Design 15 Points

- Has the student used images, colors, or spacing in a thoughtful way?
- Does the site look like effort was put into it?
- Is there any visual harmony?

Score: _____

Presentation Skills 15 Points

- Can the student explain their site clearly and confidently?
- Did they speak with enthusiasm and pride?
- Do they know what they made, why they made it, and how it works?

Score: _____

Judges' Note:

You don't need to understand code to judge this. Focus on how creative, clear, and engaging the website is, and how well the learner presents their idea.

Overall Score: _____
